

Western Region Formula

- 25% will be based on league play, Western Region teams against Western Region teams.
- 25% will be based on tournament play, Western Region teams against Western Region teams.
- 50% will be based on common opponents in tournament play. If there are less than 2 common opponents, the win percentage using the current formulas for wildcard will be used.

For 18+ teams not playing in league:

- 33% will be based on tournament play, Western Region teams against Western Region teams.
- 66% will be based on common opponents in tournament play. If there are less than 2 common opponents, the win percentage using the current formulas for wildcard will be used.
